The extraordinary true story of Captain Armstrong DFC, the legendary camel pilot of World War I.

In the vast and unforgiving deserts of the Middle East, during the tumultuous years of World War I, a young Australian pilot named Harry Armstrong emerged as a legend among the ranks of the Royal Flying Corps.

Armstrong was a natural-born aviator, a fearless and skilled pilot who quickly earned a reputation for his daring exploits and unwavering determination. He was one of the first pilots to master the art of flying the unwieldy but sturdy Sopwith Camel, an aircraft that would become synonymous with the aerial battles of the Middle East.

Armstrong's most famous exploits took place during the Arab Revolt, when he flew alongside the legendary T.E. Lawrence, also known as Lawrence of Arabia. Together, they led a band of Arab irregulars against the Ottoman Empire, using their aerial superiority to harass enemy forces and disrupt their supply lines.

Armstrong's skill as a pilot was matched only by his courage and charisma. He was a natural leader, inspiring his fellow pilots and earning the respect of his enemies. He was also a gifted storyteller, and his tales of aerial combat and desert adventures became the stuff of legend.

After the war, Armstrong returned to Australia a decorated hero. He continued to fly, setting several aviation records and becoming a pioneer in the development of commercial aviation in Australia.

Captain Armstrong DFC is a fascinating and inspiring story of courage, adventure, and the indomitable spirit of human endeavor. It is a story that will appeal to anyone interested in the history of aviation, World War I, or the Middle East.
