In this book, we will take you on a journey through this lost Japan. We will visit ancient temples, hike through lush forests, and meet the people who have kept their traditions alive for centuries. We will also explore the challenges that Japan faces as it tries to balance its traditional culture with the demands of the modern world.

Our journey begins in the ancient capital of Kyoto. Here, we will visit the Golden Pavilion, a UNESCO World Heritage Site that is one of the most

iconic buildings in Japan. We will also explore the bustling markets of Nishiki, where you can find everything from fresh seafood to traditional Japanese sweets.

From Kyoto, we will travel to the remote village of Shirakawa-go. This UNESCO World Heritage Site is home to traditional thatched-roof houses that have been preserved for centuries. We will spend the night in one of these houses, and experience the simple life of the villagers.

Our journey will continue through the Japanese Alps, where we will hike to the summit of Mount Fuji. This iconic mountain is a symbol of Japan, and its summit offers breathtaking views of the surrounding countryside.

We will also visit the ancient city of Nara, home to the Todai-ji Temple. This temple is one of the largest wooden buildings in the world, and it houses a massive bronze statue of Buddha.

Our journey will end in the modern city of Tokyo. Here, we will visit the Imperial Palace, the Tokyo Skytree, and the Akihabara district. Tokyo is a city of contrasts, where ancient traditions and modern technology collide.

In this book, we will share our experiences of traveling through the lost Japan of Round Earth. We will introduce you to the people we met, the places we visited, and the challenges that Japan faces. We hope that this book will inspire you to explore this hidden world for yourself.
