## The Crucible of War: The 369th Infantry Regiment

Formed in 1917, the 369th Infantry Regiment was an all-Black unit that was initially relegated to menial labor duties. However, their exceptional discipline and relentless determination soon caught the attention of Army superiors. In 1918, they were deployed to France, where they would face the horrors of the Western Front.

Despite facing prejudice and discrimination from within their own ranks and from the French populace, the Harlem Hellfighters refused to be defined by the limitations imposed on them. They embraced their unique identity and resolved to prove their worth on the battlefield.

## From Prejudice to Glory

Under the command of Colonel William Hayward, the Harlem Hellfighters earned a reputation for their unwavering courage and tenacity. They fought alongside French troops in some of the most brutal battles of the war, including the Second Battle of the Marne and the Meuse-Argonne Offensive.

Despite their exceptional performance, the Hellfighters remained largely ignored by the American press. It was not until after the war that their valor and sacrifice were fully recognized. In 1919, they were awarded the prestigious Croix de Guerre by the French government.
